

Platteville Municipal Airport 2024

The Airport is managed by the APEX Executive Jet Center out of St. Louis, MO. With a local manager and grounds keeper.

Two large hangars are currently available, one private and one owned by the airport, as well as a transient hangar.

Self-serve fuel, Jet A and 100LL 24X7 and a crew car is available. In-person services available Monday – Friday.

The Platteville Municipal Airport, located 3-miles south of the Platteville on State Highway 80.

The airport has 2 runways, one is **4,000 feet** long and 75 feet wide. The secondary runway is **3,600 feet** long and 75 feet wide.

All runways are served by GPS instrument approaches allowing for poor weather operations.

Platteville Municipal Airport – 5157 Highway 80 South, Platteville, WI
